RULES & REGULATIONS FOR ALL VENDORS

1. Only those individuals who fill out a completed application, provide a certificate of liability insurance form, provide a current tax I.D. number and receive approval by the Benson Area Chamber of Commerce will be allowed to display and sell.
2. Spaces are provided for the exclusive use of applicant and only for the activity approved by the BACC.
3. All booths must be within the confines of the allotted space. No tables, chairs, electrical cords, etc., will be provided. Vendors shall arrange booths so that it will not interfere or obstruct view of other booths. Spaces will be assigned to contribute to overall concept of festivals.
4. Electricity is available for an additional fee. Generators are not permitted. Please indicate and pay if electricity is needed. Be sure that all electrical cords and appliances are in excellent condition. The Fire Marshall and/or The BACC will inspect and approve your equipment.
5. Vendors are responsible for setting up their own booths. Benson Mule Days is an outdoor festival, please come prepared to cover your merchandise in the event of a shower.
6. **WE DO NOT SUGGEST LEAVING ANY VALUABLES IN YOUR BOOTH OVERNIGHT.** BACC will not be held responsible for any loss.
7. The BACC reserves exclusive rights to separate booths by types of Foods/Arts & Crafts/Commercial/Display and Non-Profit Organization and Commercial, as it feels is in the best interest of the festival. Please help keep trash in proper receptacles. Vendors are responsible for putting their trash in the dumpster provided. Grease and gray water must be disposed of in proper containers.
8. All vendors are responsible for reporting their own taxes and must furnish the BACC with their North Carolina Sales Tax Registration number.
9. The BACC is not liable for damages, injury, or loss of any person or goods from any cause whatsoever. The BACC cannot be held responsible for any claims for damage, injury, or loss arising out of or in connection with the use of space or grounds in this festival.
10. Absolutely no weapons, illegal knives, studded bracelets, lewd, racist, inflammatory, obscene or vulgar materials, or any other items inappropriate for a family event will be permitted for sale or display. Please do not bring such items into vendor area.
11. **All vendors must have an approved fire extinguisher located inside your booth.**
12. No animals of any kind can be sold.
13. No alcoholic beverages are allowed for consumption or sale.
14. If festival has corporate sponsors requiring exclusivity, Chamber vendors must abide by this request and use the festival-sponsored products or refrain from selling competing products.

FOOD VENDORS

15. The BACC reserves the right to approve all foods. The decision of the BACC will be final.
16. All Food Vendors are required to abide by the rules and regulations developed by the Health Department and Fire Marshal.
17. **It is your responsibility to have at all times an approved fire extinguisher located inside your booth.**

2021 ELECTRICITY AND WATER APPLICATION

BENSON MULE DAYS®

NAME OF APPLICANT

ELECTRICAL REQUEST

Electrical service will be available at (3) three locations across the back of the Singing Grove. The Benson Area Chamber of Commerce will provide receptacles only by request for vendors. BACC will not provide plugs, cords, cables, etc. Vendors may not alter or tamper with provided receptacle boxes. BACC will work with all vendors to arrange your location to the nearest requested electrical outlet. Please give us the maximum amount of feet your power supply can reach (mainly 30A plugs) in the space provided below.

TYPE 1 RECEPTACLE

STANDARD
120V
15A

There are two receptacles in each box. Multi-plugs may not be used. Use of multi-plugs will cause disruption of your service. If your space requires more than 15 amps, you must request the proper amount of receptacle boxes.

Number of Type 1 Receptacles Boxes Needed _____ @ \$100.00 = \$ _____

TYPE 2 RECEPTACLE

120V
30A

220V
30A

120V OR 220V/30A services are by request only. Hardwire is available upon request. You may send your own receptacle by Sept. 14th to insure receptacle matches plugs and we will have it in place on Thurs., Sept. 19nd. Otherwise, please draw your plug or plugs below.

Hardwire breaker _____ amps.

220V
30A

220V
30A

Number of Type 2 Receptacles Boxes Needed _____ @ \$175.00 = \$ _____
 Maximum distance to power connection _____ ft.

WATER SERVICE REQUEST

Town water will be available at only one location. BACC does not expect every vendor to request water.

Number of Water connections requested _____ @ \$35.00 = \$ _____

WASTE WATER & GREASE

Rinse water (gray water) must be held by vendor and disposed in the container provided. Sewer service is not available. Grease must be disposed of in provided containers. Anyone caught putting grease in improper locations may be fined by the town. BACC officials will be on hand to answer questions.

SPECIAL REQUIREMENTS

Please list any special requirements you may have: _____

I have clearly and truthfully represented the type of electrical and/or water service I will require at Benson Mule Days. Any misrepresentation may result in loss of service and/or exclusion from the event.

BENSON VENDOR FIRE & SAFETY REGULATIONS - 2021

On behalf of the Benson Fire Department, we would like to welcome you to Benson Mule Days. We ask that you as an exhibitor please comply with all state and local fire codes.

****FIRE INSPECTIONS ARE REQUIRED FOR THE FOLLOWING****

1. ALL concession stands or any vendor that uses any utilities to operate their business.
2. ALL enclosed trailers, food trucks, or any other structure where cooking will take place.
3. ALL tents that are equal to 200 square feet or larger.
4. ALL tents, canopies, or membrane structure where cooking will take place inside or under the tent. ***Note:** Any canopy, tent, or membrane structure under which cooking operations are being conducted must be flame resistant and have a tag permanently affixed to the canopy indicating that it is flame resistance.

EXHIBITOR REQUIREMENTS (if you meet any of the four stipulations above.)

1. **ALL** exhibitors must have a **MINIMUM** of a **5** pound **ABC** Fire Extinguisher that has been serviced and **TAGGED** within the last year.
***Note:** Disposable one time use extinguishers are not acceptable.
2. ALL exhibitors that are using deep fat fryers **MUST** have a Class **K** fire extinguisher plus the **ABC**.
***Note:** The Class K must be in a dedicated location within 30 feet travel distance of the cooking appliances. The Class K must have been serviced and **TAGGED** within the last year.
3. ALL fire extinguishers and emergency exits shall be visible and accessible at all times.
4. ALL Liquefied Petroleum Gas (LPG) tanks must be secured to prevent tipping or falling.
5. ALL Electrical cords must be energized from an **APPROVED** service pole or outside receptacle.
***Note:** No electrical cords shall be run form inside of a structure.
6. ALL Electrical cords must be of adequate size to supply the appliances they are operating. All electrical cords must be maintained in good condition without splices, deterioration, or damage. All electrical cords shall be grounded when serving grounded portable appliances. All electrical cords must be routed so as not to pose hazard.

******* FIRE INSPECTION FEE \$50.00*******

Chamber will pay for you after receipt of your application and payment.

For questions or further information, please contact the Benson Fire Department at (919)-894-8990.

Requirements for a Temporary Food Establishment Permit

Application: The application must be completed and submitted to this Department prior to the start of the event. This will give time for review and to make any changes as needed.

Permit to Operate: Before the event starts, an Environmental Health Specialist will visit your site compare the application to the TFE setup, and if all requirements are met a PERMIT TO OPERATE will be issued. No food service or food preparation is allowed on the site until you have received this permit. Your acceptance of this permit implies that you agree to keep the site as originally permitted throughout the event and that you agree to operate in accordance with all statutes, rules, regulations, and any specific conditions which may be included on the permit. Health Department personnel will be on duty during the event to monitor foodservice operations and to provide guidance where applicable. During operation you may be asked to remedy problems observed by the Environmental Health Specialist.

TFE Structure: Temporary food establishments must be conducted in a tent or other approved enclosure (trailer) with a roof that will keep out rain, dust, dirt, insects, and other contamination. Any canopy or tent structure under which cooking operations are being conducted must be flame resistant and have a tag permanently affixed to the canopy indicating that it is flame resistance. The food vendor should check with the local fire department for verification of the correct type of tent.

A TFE shall be located in clean surroundings and kept in a clean and sanitary condition. Protection against flies and other insects shall be provided by screening or by effective use of fans.

Sources of Food: All foods must be clean, wholesome, free from adulteration, and obtained from an approved source. If food is brought in from out-of-state it must be purchased or prepared in a facility inspected by the Department of Agriculture. ALL FOOD must be kept in original packaging until permit has been issued. Receipts will be helpful if food is not in boxes.

Transport of Foods: All foods must be protected while in transit between the source and the TFE. Transport containers must be able to maintain proper temperatures, keep out contamination, and be non-absorbent and cleanable.

Sneeze guards: Food and food contact surfaces exposed to the public, dust, or to insects shall be protected by glass, or otherwise, on the front, top, and ends.

Hamburgers and Poultry: Hamburger and poultry must be provided in a ready to cook form from the supplier. Hamburger must come in preformed in patties separated by clean paper or other wrapping material. Poultry must come from the processor precut into individual portions that are ready to cook. In other words, you can not make patties or cut chicken at the TFE. **All food must come in a ready to cook form.**

Prohibited foods: Potentially hazardous foods, such as cream-filled pastries and pies, or salads that contain potato, chicken, ham, and crab, cannot be prepared or served from a TFE. Garden vegetable salads can be prepared if the vegetables are bought pre-washed from the supplier or washed on site in a vegetable prep sink only, not a utensil sink.

Food Cooking Temperatures: Cook poultry to 165°F, pork to 150°F, steak to 140°F, fish to 150°F, and hamburgers to 155°F (all internal temperatures). Holding units must keep foods at or above 135°F until served.

Cold Food Temperatures: All potentially hazardous foods shall be held at 45 degrees or less. Refrigerators must have properly working thermometers. Temperatures must be monitored all during the event. If chest coolers are used for cold food storage ice shall be provided to maintain proper temperatures. The ice shall not directly touch the food. The food or ice shall be in a leak proof container. Only thaw potentially hazardous foods by refrigeration, microwave, or cooking. **Do not leave out in the open air.**

Stem Thermometer: All TFE'S must provide an accurate stem-type thermometer (0-220 scale). Workers must monitor food temperatures frequently. Use the thermometer to be sure that all are cooked internally to the proper temperatures and cold foods are held <45 degrees and hot foods are held >140 degrees.

Drinks: Drinks served shall be limited to packaged, canned, or bottled drinks, packaged milk, coffee, or carbonated beverages from approved dispensing devices. Lemonade Orangeade, fresh fruit smoothies, tea, or any other drink not mentioned cannot be made in the TFE but can be brought already prepared from an approved source (approved by the Health Department) and served from an approved dispensing device.

Floor: Start with a clean space and keep it clean. Concrete, asphalt, and such street surfaces are accepted. If the flooring of the TFE consist of dirt or grass this area must be maintained at all times. If grease or food is spilled onto dirt or grass clean up must take place immediately.

Storage: Nothing is allowed on the floor or ground except equipment with legs or non absorbent, empty crates. Stored items wrapped or not, must be off the floor and under roof at all times.

Cleaning of equipment and Utensils: All equipment and utensils must be cleaned thoroughly and maintained in a sanitary condition throughout the event. In order to achieve sanitary conditions at least a single vat sink, equipped with running water under pressure capable of holding the largest utensil used during the operation shall be provided. Water shall be from an approved source, safe for consumption, and of sanitary quality. This means water can not be used from an unapproved well or community water supply not regulated by the State of North Carolina. "Running water" may be achieved by positioning a cooler or beverage urn with a stop cock nozzle above the sink basin. You must have at least one drain board or adequate countertop space to use along with the washing operation. Dish pans on a counter or in a counter will not be accepted for a utensil sink. In other words, it must be s sink with a drain.

Sanitizing: After cleaning of equipment and utensils they must be properly sanitized. The most common sanitizer is bleach water. Once the equipment and utensils are washed and rinsed at the sink submerge or spray on 50 ppm of sanitizer solution and let air dry. To make sure the sanitizing solution is of proper strength test strips will be needed for checking the solution.

Hot Water: Heated water must be provided for hand wash basin and utensil sink. The minimum equipment acceptable for the provision would be a pot of water on a stove, hot hold unit, or a separate coffee maker.

Hand washing: TFE workers shall be provided with a convenient way to wash their hands. This could consist of a hand sink with hot and cold water from a faucet, Gatorade type cooler, or at minimum a wash pan or bucket. Soap and single-use towels must be provided.

Diseases: Any person who has a communicable or infectious disease that can be transmitted by food or drinks, or who is a carrier, or who has a boil, infected wound, or an acute respiratory infection with cough and nasal discharge shall not be allowed to work in the TFE. If a worker has a cut it must be bandaged and the worker must wear a disposable glove.

Hair restraints: Hair nets, visors, caps should be worn by foodservice employees at all times.

Tobacco: No tobacco is to be used in any form while handling, preparing, or serving food or while in the foodservice area.

Self-service: Customer self-service of food and condiments is not allowed. This applies to any unpackaged condiments such as lettuce, tomatoes, pickles, onions, etc. Packaged condiments such as relish, ketchup and mustard are allowed. Mustard and ketchup can also be dispensed by the customer from approved pump type dispenser.

Wastewater and Sewage: TFE wastewater and sewage must be emptied into a sanitary sewer. **Do not empty storage tanks or catch buckets into storm drains.** If the event has a contract with a portable toilet agency the wastewater and sewage may be emptied into these units. A collection bucket or other basin can be used to hold wastewater prior to disposal.

Garbage and Refuse: Garbage and refuse shall be collected and stored in standard water-tight cans provided with tight fitting lids or other approved containers or methods. Garbage and refuse shall be removed daily and disposed of in an approved, sanitary manner.

Toilets: Convenient and approved toilet facilities shall be provided at a TFE. Public toilet facilities provided on the grounds are acceptable if reasonably convenient, adequate and kept clean.

Water Source: Water must come from an approved source (public or private). All private wells must be tested a few weeks prior to the event. A backflow preventer will be required at the main source before leading off to food vendors. Then each food vendor will need a backflow preventer when attaching their food grade hose to the main source. A food grade hose is usually white with a blue stripe, if your hose does not resemble this then documentation is needed for proof of a food grade hose.

Other Permitting Conditions: A Temporary Food Establishment (TFE) must operate in conjunction with public event such as a fair, festival, or carnival.

Mobile Food Units and Pushcarts: These units already have permits to operate, but they must comply with all the requirements of their permit when operating at the event. This means that:

- The permit shall be posted so that it can be read by customers.
- Food must come from the commissary identified on the permit.
- The whole unit must return daily to its commissary for supplies, cleaning, and servicing.

If it is impossible for the Mobile Food Unit or Push Cart permit requirements to be met, the permit will be invalid for that event. The vendor will not be allowed to operate at the event unless they can meet the TFE requirements detailed in this document and a permit obtained.

Questions?

Please contact this office at (919)989-5180 if you have questions or want to discuss any of these requirements.
